Adding Marco I really hope I can ask for a legally verifiable confirmation that all powers referenced in the regulation only apply in a strictly limited sense tied to this specific network known as the Freedom convoy?

Or words to that effect that you send me?

What do you think? I really need this public statement of limits as a precedent for first ever use of act.

What do you both think??

Confirmation of this plan will be great for my blood pressure! Question in about an hour....

Possibly, but not likely. They would have to be a truck owner or organizer, as banks @ RCMP were focusing only on those categories of people. Also, no retrospective applications. So Strahl is missing something.

On another matter, justice 'lawyers have confirmed my view of scope. This would not be applicable to CGL

Dear David,

Thank you!!!

So sorry I did not read it sooner! I got caught up in debate and then a lovely chat with Greg Fergus.

Thanks again. I will do anything I can to help with the confidence the first use of the act is grounded in tight control to only deal with Convoy crisis.

Hi again:

1. we are trying to get RCMP to say something regarding « priorities ». It may not have a dollar figure, but hopefully says we are trying with the financial measures to get at key players. Best efforts. Not sure how it will turn out.
2. While my team shares my view on the orders/regs being framed by the Declaration, we will try to put out a statement saying we understand that the powers contained in the orders are restricted to this emergency only.

Ps: Strahl's statement is problematic: the financial orders are NOT retrospective, so something is amiss in his claim.

Best,  
David
